

Test Plan

Abbreviations and Acronyms	

01. Scope of work

1.1 Components and Functions to be Tested

To be defined for a particular release.

1.2. Components and Functions Not to be Tested

To be defined for a particular release.

1.3. Third-Party Components

To be defined for a particular release.

02. Quality and acceptance criteria

2.1. Release quality acceptance criteria

2.2. Sprint quality acceptance criteria

03. Critical success factors

04. Resources

4.1. Test Team Roles and Responsibilities

Project Role	Responsibilities

4.2. Testing Tools

Tool	Comment

4.3. Environments

Environment name	Purpose

05. Test documentation and deliverables

Title	Responsible person(s)	Frequency (delivery time)	Method of delivery

06. Defect and documentation tracking

6.1. Bug Priority Definitions

Priority	Description

6.2. Test Cases Priority Definition

Priority	Description

6.3. Test Cases Priority Definition

6.3.1 Manual Test Design

6.3.2 Automation Test Design

6.3.3 Manual Test Execution

6.3.4 Automation Test Execution

6.4. Test Reports
